## TO ATTRACT THE SCIENTISTS

Reasons Why A. A. A. Society  
Should Meet in  
Honolulu.

The pamphlets advocating the selec-  
tion of Hawaii as the place to hold the  
1910 summer session of the American  
Association for the Advancement of  
Science will go forward on the next  
mail to Dr. L. O. Howard of Wash-  
ington, secretary of the A. A. A. S.  
This is the final argument in the case.  
The committee, consisting of W. F.  
Frear, A. F. Griffiths and A. F. Judd,  
have presented the case thoroughly.  
Through resolutions passed by prac-  
tically every organization in the city  
and gathered by another committee  
consisting of D. L. Van Dine, P. L.  
Horne and C. S. Holloway, abundant  
assurance has been given of a royal  
welcome to the association. The Oahu  
College trustees have offered the free  
use of their halls for the sessions of  
the convention and of their dormitories  
and dining hall for living quarters for  
such of the members as may care to  
live on the college grounds. With the  
big hotels, and the family hotels and  
boarding houses, ample accommodations  
are assured.

The question of transportation is not  
yet settled but the committee, while  
not able to give any definite assurances  
except that every thing possible will  
be done to get a low rate, was able  
to speak optimistically. None of the  
steamship companies wanted to commit  
itself definitely to any kind of a propo-  
sition a year and a half ahead but  
with the coming in of the Matson line  
who are after business, with the low-  
ering of the rates in the intermediate  
service, and with the hope of a subsidy,  
there is reason to believe that the ques-  
tion of transportation can be better  
settled a year from now than at the  
present time. The committee have also  
had other plans under consideration  
for transporting the members to and  
from Hawaii in comfort and at low  
cost.

Much of the credit for the prepara-  
tion of the pamphlet belongs to D. L.  
Van Dine. For various reasons, the  
members of the committee were not  
able to give this important work the  
time that was necessary. Mr. Van Dine  
took hold, was indefatigable in get-  
ting material, in preparing it for the  
press and in seeing it through the  
printer's hands. The committee and  
the community owe him much for his  
efforts in preparing for presentation to  
the association what is really one of  
the chief arguments upon which Ha-  
waii bases her hope that she will get  
the convention.

The Promotion Committee have back-  
ed up this effort in every way pos-  
sible. They have voted funds for the  
printing of the pamphlet and Secretary  
Wood is personally supervising the  
shipment of the edition to Baltimore  
where this winter's convention meets.  
Chairman Willard E. Brown has taken  
a personal interest in getting the con-  
vention here for he regards it as one  
of the biggest pieces of promotion  
business that Hawaii has had to con-  
sider since the Congressional party vis-  
ited the Territory.

## ISBELL HEARD JAPAN AND COAST TALKING

Wireless Operator J. O. Watkins of  
the Russian Hill station, San Francisco,  
gives a statement to the San Francisco  
Call of November 26 of signals which  
he believes started by wireless from  
Japan and were flashed across the Pa-  
cific Ocean, as follows:

We have been hearing the signals for  
about four months, but they have been  
too faint to be intelligible, and we have  
thought all along that it was the Atlan-  
tic coast that was talking. At first we  
could barely distinguish the signals and  
could only tell that it was some one  
sending.

About three weeks ago we made an  
improvement in the receiving apparatus  
which has brought in all signals much  
stronger. With this improvement we  
were able to tell that it was not the  
east coast, but some wireless station  
that did not use the international code.

The operator at Honolulu has heard  
these signals at the same time we were  
listening to them, and until we made  
this improvement it had been a matter  
of speculation between the Honolulu  
station and the Russian Hill station as  
to whether they came from Japan or  
from the east coast.

It is now settled beyond a doubt that

they are Japanese signals that we hear.  
On a good "wireless night" we can  
hear the signals between 4 and 6  
o'clock a. m.

### ARMY ASSIGNMENT.

WASHINGTON, November 25.—  
Army orders: First Lieutenant John  
P. Kelly, medical reserve corps, is re-  
lieved from duty at Fort Shafter, Ha-  
waii Territory, and from duty at Fort  
Miley, Cal., to take effect upon the re-  
turn of First Lieutenant F. M. McCal-  
lum, medical reserve corps, to Fort  
Shafter, and will then report to the  
commanding officer on the island of  
Oahu, Hawaii, for duty.

### Colds Are Dangerous.

If more people would make an at-  
tempt to get rid of the colds from  
which they are suffering, as a result of  
this changeable weather, there would  
be a decided decrease in the number of  
cases of pneumonia. A few doses of  
Chamberlain's Cough Remedy will cure  
your cold and all danger of its hang-  
ing on until spring and resulting in  
pneumonia may be avoided. For sale  
by all dealers. Benson, Smith & Co.,  
agents for Hawaii.

## TAFT WRITES TO O. R. & L. OFFICIAL

President-elect Taft has written to  
George P. Denison, of the O. R. & L.  
Co., acknowledging the receipt of a let-  
ter of congratulation on his election and  
thanking Mr. Denison for the expres-  
sions of good will and congratulations  
conveyed. Mr. Denison was an ac-  
quaintance of Mr. Taft when the lat-  
ter was starting out in life as an at-  
torney in Cincinnati, and was particu-  
larly interested in the outcome of the  
recent electoral contest for the Presi-  
dency. Mr. Taft's reply came by the  
Alameda yesterday.

## Syrup of Figs and Elixir of Senna

acts gently yet prompt-  
ly on the bowels, cleanses  
the system effectually,  
assists one in overcoming  
habitual constipation  
permanently. To get its  
beneficial effects buy  
the genuine.

## Subscribers for Automatic

ARE COMING IN FAST

You now have the opportunity of obtaining  
perfect telephone service.

We want you to subscribe for the Automatic  
Telephone. We have hundreds of subscribers  
now. We agree with you in our contract not to  
charge a cent for service until we can connect you  
with 1000 bona fide subscribers.

Many people have come to us post haste to  
get on our list---they are anxious for our Auto-  
matic Phones and first class main line service.

Your friends are on our list. Ask them if they  
are not. Don't flock by yourself. Come in and  
sign up. Business is good with us.

## A SUNDAY THOUGHT

Haleiwa—The spot where every care  
disappears like snow before a summer  
sun. It is the most delightful place on  
the island, at the end of a car ride  
that is unexcelled anywhere. The surf  
at this season dashes against the lava-  
lined shore with a force that drives  
it high into the air on the recoil in  
the form of a snow-white mist. It is  
a pretty picture. The golf links at  
Haleiwa are all that the most enthusi-  
astic player could wish for, and the  
meals are the product of an experi-  
enced Chef. St. Clair Bidgood, Man-  
ager.
